- Tools: JavaScript, React, Redux, Semantic UI, CSS

JavaScript Calculator | https://github.com/jkole822/javascript-calculator | https://jkg-javascript-calculator.herokuapp.com
- Summary: Evaluates arithmetic expressions.
- Role: Sole author
- Tools: JavaScript, React, Redux, Semantic UI, CSS

EXPERIENCE

Scientist I   2019 – Present
Hikma Pharmaceuticals   Columbus, OH
Develop analytical methods for drug product testing to comply with cGMP in manufacturing and distributing quality medications.
Key Accomplishments:
- Validated an analytical method in a sole effort for agency approval for the analysis of drug products in half the time requested by management after only one year with no prior experience in the industry.
- Demonstrated high proficiency in using advanced technologies after only a few months in the company.

Graduate Teaching Assistant & Researcher   2018 – 2019
The Ohio State University   Columbus, OH
Supervised an educational organic chemistry laboratory.
Key Accomplishments:
- Instructed an average of 50 students per week.

Chemist   2017 – 2018
Marsh Bellofram Corporation   Newell, West Virginia
Created and improved silicone product formulations to match customer requirements and meet national standards.
Key Accomplishments:
- Formulated a multitude of products to increase profit margins.
- Shared responsibility with only one other individual for all department research, development, and testing.

EDUCATION

Certificate, Full Stack Web Development – The Ohio State University   Columbus, OH; 2020-2021
Master of Science, Chemistry – Youngstown State University   Youngstown, OH; 2015-2017
Bachelor of Science, Chemistry – Youngstown State University   Youngstown, OH; 2011-2015
